

SONICA

Pairing an iPhone, smartphone, tablet or computer with the receiver:

Please make sure the device supports A2DP profile. The pairing procedure will vary depending on the actual device.

Please refer to the user guide of your device for detailed instructions.

The general pairing procedures are as follows:

1. Connect dongle to your 30-pin speaker dock, and ensure your docking station is powered on.
2. The blue light should be flashing on the dongle ready to pair.
3. Activate your device's Bluetooth function and set your device to search for Bluetooth devices. Select the dongle when it is found.
4. If prompted by your device to connect, select "Yes".
5. After connecting successfully, the blue LED will stop flashing.
